

CHRISTMAS 1970

The spectre of war darkens the horizon abroad. At home we are threatened with internal revolt and revolution of every kind. There is defiance, disobedience, lawlessness and chaos on every side. Certainly our cities have never been completely free of violence, crime or immorality but they were normal vices (though of course not condoned) which the vast majority of the population could remain untouched by, through the exercise of reasonable caution and prudence.

The last two decades have changed all that. Today, no man can walk the streets of any large city without fear of attack; police protection has totally broken down; city streets are virtual jungles; no woman is safe, day or night, with the vast majority of crimes never even reported. The most terrible crimes are daily occurrences; even cannibalism has crept in. All that is left is vigilante group protection and guerrilla warfare.

To add to the darkness of the present picture, people in general tend toward total immorality in a degree hitherto unknown. People are almost totally without a sense of sin; acts of the most horrible immorality barely raise an eyebrow. And the most crushing blow of all is that the churches have been a party to all this.

Such is the scene as we set about to celebrate the 1970th re-enactment of the birth of Jesus Christ, Our Lord.

We are mindful of the old adage: Hope springs eternal. And the dawn of every Christmas is the dawn of a new hope. God knows man cannot live without hope, so He sent His only begotten Son to be our perpetual hope.

A Christmas Blessing

May all the days of all
the years
That God has still in
store
Be filled with every joy
and grace
To bless you more and
more;
May hope of heart and
peace of mind
Beside you ever stay,
And that's the golden
wish we have
For you this Christmas Day!

Christmas is indeed a time of hope. Christ, Who came to establish His Kingdom which is not of this world, is indeed our hope, but all too few realize He is our **only**

hope. Christ is our salvation, our only salvation. There is only one Christ for all mankind, not many Christs; One Saviour, not many Saviours; One Redeemer, not many Redeemers; One God, not many Gods. Salvation is only for those who abandon themselves to Christ and adopt His way of life. There is salvation through no other name under Heaven.

Too often our celebration of Christmas begins and ends at the crib. Yet, to have any lasting meaning, it has to continue on to Christ's Death, Resurrection and Ascension. We have to live and die with Christ on Good Friday so we can rise with Him on Easter morn. Live the whole Christ; go the full cycle! Go all the way with Christ. Set your affection on things above and not on things of the earth. Unless the Lord build the house, they labor in vain that build it. We are reminded by St. Paul that "We have not here a lasting city but one that is to come." To the anguished father, to the distraught mother, to the frustrated son or daughter driven to the Hippie camp we offer the cheering news that Christ has promised a "Peace that the world cannot give . . ." and a "Joy that no man can take from you," if but turn to Him contritely.

How sad that the world, especially its leaders, after 1969 re-enactments of the Nativity, has not learned this lesson. Had this been so, the pages of history would have recorded over 1900 years of relative peace on earth to men of good will.

We sincerely wish our friends and subscribers the blessings and joys of Christmas. Many thanks for your loyalty and generosity this past year.

THIS IS NOT MY AMERICA

By FRED FARREL

The America of the mass media is not our America. We are not interested in an America which is a mere geographic entity. We will not give our endorsement to everything that happens merely because it happens here. Our Aryan ancestors were addicted to WANDERVOGEL. Long ago they wandered into Europe with nothing but their animal-skin clothes and spears. Out of that modest beginning they built the European nations. Later they wandered across the Western Plains of North America. They served in the U.S. Cavalry for ten dollars a month. They fought hard against really brave and noble people, such as the Kiowa Indians, who are said to have entered the world through a hollow log. The Kiowas created an Economy based upon the horse and the bison; they also created a culture based upon courage and tribal loyalty. The degenerate white civilization which replaced them a hundred years ago could learn some lessons from them today.

We are fed up with so-called "white men" who will sell their souls merely to have a flimsy house in a suburb, with a Jew Canoe V-8 sedan parked in the driveway. Our ancestors came to America when there were no habitations except the Indian wigwams and hogans, which, for the matter of that, often housed nobler life-forms than can be found in our modern suburbs today. We know the meaning of the German word REICH. We know how to create something out of nothing, to call into being form from the formless. There were no pretty houses with pink bathrooms when our ancestors served in the U.S. Cavalry and laid their lives on the line for ten dollars a month. OUR ANCESTORS put the houses there, put the towns there, put the railroads there. We will not submit to blackmail by some silly little Jew, who tells us that if we behave ourselves we may live nicely in a flimsy house filled with inferior mass-production junk, called "The high standard of living." If we do not behave ourselves, and obey the Jews, the threat is made that the rug will be pulled from under our feet. The Jews will use their "TERRIBLE POWER OF THE

PURSE" against us. Our ancestors used the TERRIBLE POWER OF THE SPEAR against better people than the Jews long ago. A good Kiowa warrior was worth ten thousand Jews any day of the week.

The only America which means anything to us is the ARYAN America, the things which ARYANS did here. We are not even remotely interested in the "Liberal" America which promotes mongrelization. Today there are a great many so-called "white men" and so-called "Americans" who are completely subservient to the Jews. We Aryans realize the necessity of amputating these miserable creatures from the body of our race, in order to maintain the quality of our breed. We do not know what the hapless Negroes who are to be interbred will think of the matter. We know what WE think, though. Any white man who will allow such a miserable race as the Jews to tamper with his biological future is not fit to be a white man anyway. Interbreeding them with Negroes may well be the best way to get rid of them. It will make them into suitable atom-fodder, just right to be integrated with Negroes in a big mushroom cloud. We do not know of any good reason for the existence of a mongrelized America, and we would definitely prefer that it should not exist. RACE is more important to us than mere geography. RACE IS more important to us than any paltry "Rewards" which the present corrupt materialist civilization has the power to give or withhold. OUR RACE created the whole foundation of the so-called "Economy" anyway. They took the land upon which it is based from the aborigines. Their culture created the technological foundations of it. For the matter of that, if atomic bombs should blow the present "Economy" over the moon, as they may well do, OUR RACE could create another "Economy." We have no use for the funny little men who call themselves "Economists" and talk of "Economic Laws." A successful "Economy" is created by a SUPERIOR RACE, not by "Economic Laws." RACE is everything; the charlatanny of the "Economists" is nothing. AMERICA THE GREAT was a RACIST creation, the creation of the talented European races.

A Dead America

This JUDAIZED America of today is not MY America. My ancestors lived somewhere else before they came here. I myself might readily take off to some far away place and forget to come back. I will not wave any flags at the behest of Vice President Spiro T. Agnew. I do not wish to hear any lectures on patriotism from the funny little shabbos Goy, Richard M. Nixon. The Stars and Stripes is a grand old Flag; everything that ever made it great is ARYAN and nothing else. For the matter of that, our race has invented a lot of flags and might well invent some more. There were the Hohenzollern Eagles; and then there was that flag with a Swastika on it, which symbolized a rebellion against the Jews. A Judaized America is a DEAD America. It cannot give any good warranties for the future. The vermin who rule over us today represent absolutely nothing of MY culture, of MY race, of MY religion. They are Culture Aliens and interlopers whom I disown absolutely and completely. The synthetic, mechanized pseudo-culture they generate is fraudulent. Their politics are charlatanny of the worst and lowest kind. Their press does not reflect American opinion; it reflects only JEWISH opinion. The Government has no concern for the American future; it is concerned only with the JEWISH future. It has relegated everybody except Jews to second-class citizenship. It has wiped out Gentile literature. It has established the tyranny of racial minorities over the American Majority. Only one good thing can happen to a Jewish power structure: Its destruction. When the Jews rule, conditions in the Social Order are bad enough to justify the premises of Nihilism. The destruction of Jewish power is a good thing for its own sake, regardless of any good or bad side effects which might result therefrom.

World Lusts for Blood of Jews

The vermin who rule over us make a great pretense of idealism. They pose as benefactors who will bestow untold ecstasies of progress and enlightenment upon all Mankind. WHY THEN DOES THE WHOLE
